The Mysterious Universe

*How big is it ?
It is a lot different
than home.*

- Stars were the “Council of Chiefs “
- The first GPS
- A Cosmic Story Book of Nature
- Team Apollo....
- Jules Verne
- Snoopy “ First Beagle in Space”
- Sally Brown Astronaut

*My Papa Built the
first
Spaceships that went
to the moon !*

*How do we
explore Space?*

...

The First Space Explorers...

- With Telescopes
- With Orbiters and Probes
- With Spacecraft In Person...

*My Great ancestor
was Christopher
Columbus...*

Isn't that the guy who went to the Moon?

*Where does
space start?*

- The Invisible Sea
- Up Up and Away
- Satellites In Orbit

Can people fly too ?

To the Skies and Beyond...

View From above the clouds

What a view
At 35,000 feet.

The highest clouds
are Noctilucent, at
80Km/50 mi.

- **6M** people fly in the sky every day
- The first ever to fly was **1852 Henri Giffard**
- Temperature outside is **-54C**
- If you fell it would take about **3.0 minutes**
- Outer space starts at **100KM/62 miles**
- Only **556** people have been to space

How many animals have
Been to space?

The Galaxy-Our Neighborhood

The "Milky Way"

Where does Mr. Rogers Live?

Our Solar System

Home

- *Our Star*
- *The Planets*
- *The Moons*
- *Asteroids*
- *Satellites*
- *Robots and Stations*

- *How old is our galaxy?*
- *How many Galaxies are there?*
- *How many stars & planets like ours?*
- *How long have we been exploring space?*

*I live on the 3rd
Planet from the Star.*

The Machines of Exploring

My Papa built the Space Shuttles.

- *Telescopes*
- *Satellites*
- *Aircraft*
- *Spacecraft*
- *Robots/Probes*
- *Us*

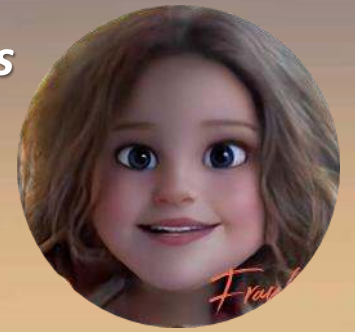

It looks like a big Truck !

Robots/Rovers

*How many batteries
do the take ?*

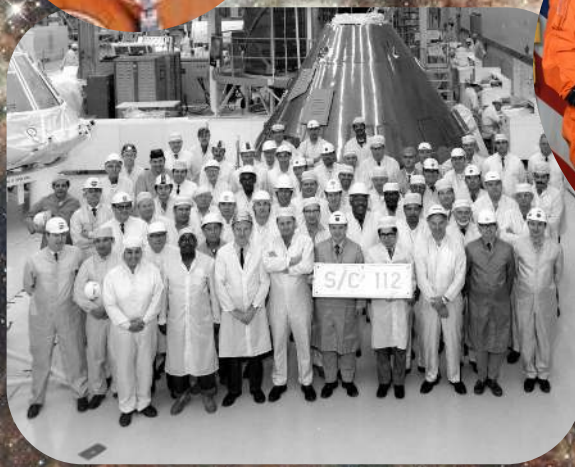

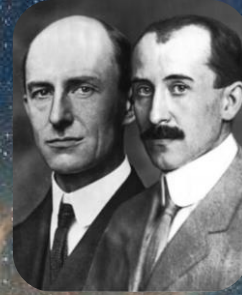

- *Orbiting Robotic Space Stations*
- *Planet Probes & Rovers*
- *Work Robots*
- *Telescopes*

*Hi, my name is June
Whats yours ?*

The Pioneers

Tomorrow's
Pioneers
2050

*When is it our turn
To explore*
